

OASIS SCHOOL APPLICATION INCOMING K-2 STUDENT QUESTIONNAIRE

In order to understand who you are, we are asking you to provide us with some projects and share with us why they are important to you. If you are not yet writing comfortably and are entering kindergarten or first grade, please feel free to dictate your explanations to one of your parents. Your written work should be submitted on lined paper and headed with your name, age, and grade.

1. Please draw a picture of your family doing something that you enjoy. Label each member of your family. Describe the activity and tell us why you like it so much.
2. Please provide us with a copy or a photograph of a project that reflects your best work. Your project can be baking, building with blocks or Legos, art, a story, your favorite dress-up game, or something else of which you are proud. We would prefer it if this project were something that you have already done or do frequently. Tell us why you are so proud of it.
